Still love the story and anxious to get the remaining volumes ...By ChelleBStarted collecting this series a few years ago when it originally released and thought it was about time to get back to it. Still love the story and anxious to get the remaining volumes I'm still missing!

She could hire him to date her, but she'd rather win his heart. R to L (Japanese Style). Dear Valentine, Our new teacher

is pretty hot-- All the guys in class wish they had a shot. And the way she's looking you up and down Has me freaking out an awful lot. What happened when she tutored you? Are the tales I'm hearing really true? I want the truth, and I want it now Or we're gonna have to say adieu. Be mine! Everyone thinks 16-year-old Ryoko has weird taste in guys because she can't stop drooling over Ryu, the strong silent type who sits next to her in class. When she discovers he works for a host club--where women actually pay men to date them--will she finally wise up? Only thing's for sure in B.O.D.Y.--you can't put a price on love!
