**Mike Mignola : B.P.R.D.: Being Human** before purchasing it in order to gage whether or not it would be worth my time, and all praised B.P.R.D.: Being Human:

3 of 3 people found the following review helpful. Better than I expected. By KatalystI adore B.P.R.D. comic collections, and thought this would be a rehash of the origin stories I'd already read. I was pleasantly surprised that it was original stories. It's less about the characters' precise origins (except Johan, I suppose, but the last panel of his story is fantastic) and more about the circumstances that made them slightly more comfortable with who they are. I

would recommend it, definitely. 0 of 0 people found the following review helpful. 20 years of Hellboy BPRD - I'm still hooked! By Tapani Taka Ever since the first issues of Hellboy came out in the 90s, I have have been a fan. This book cannot go wrong for me! It's not the absolutely best of the Hellboy BPRD stories, of course not every story can be #1. The whole HB BPRD universe always has some interesting twists to present the reader. I am still hooked 20 years later! 0 of 0 people found the following review helpful. This series is excellent for the fantasy lovers By Aurora Hudson This series is excellent for the fantasy lovers. It has a rich cast of characters you can relate to, and the story arcs are well thought out.

In these terrifying tales of witchcraft and the undead, Abe, Roger, Liz, and Johann learn the ropes as agents of the Bureau For Paranormal Research and Defense! Abe copes with survivor's guilt, Roger goes on his first adventure with Hellboy, Liz tells the story of how she killed her family, and Johann Kraus dies!\* A standalone collection that's perfect introduction to these bizarre heroes.
