Mike Mignola : B.P.R.D. Hell on Earth Volume 4: The Devil's Engine The Long Death before purchasing it in order to gauge whether or not it would be worth my time, and all praised B.P.R.D. Hell on Earth Volume 4: The Devil's Engine The Long Death:

0 of 0 people found the following review helpful. Best vol of Hell on Earth yet! By Dakotawow this volume was

amazing, it's taken me a couple of issues to get used to this new artist's style and while I do miss Guy Davis, I feel like this is the first volume where I finally got completely on board with the new artist. I won't spoil any of the story for you just know it's amazing and wraps up some loose ends from the past, and has without question the most BRUTAL fight scene in any Hellboy comic. 0 of 0 people found the following review helpful. Goes slow for a bit, the suspense is worth the wait. By Airwise I wish BPRD as a whole would get a bit more, idk, flashy I guess. They have a nice universe but in comparison to Hellboy I never feel like they get any storylines really done. Johann Krauss is my fave so this one did stand out to me, I'm so glad they delve into him more these days. 0 of 0 people found the following review helpful. Love the BPRD. By Stew Weldon Even though I miss Guy Davis' art - this artist is great and I will make the adjustment I'm sure. All of the Hellboy family of comics are great fun and this collection carries on that tradition.

Agent Johann, the ectoplasmic man, leads a special task force through the monster-filled Northwest woods in order to hunt down and kill the man he blames for leaving him a disembodied spirit. In the Southwest, agent Devon and the psychic crust punk Fenix form an uneasy alliance in order to escape a horde of giant bat-faced monsters.
