**Mike Mignola : B.P.R.D.: Plague of Frogs Volume 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised B.P.R.D.: Plague of Frogs Volume 2:

2 of 2 people found the following review helpful. but it's "more of the same" in the best way possible By Josh Matheny No sense in reading this if you haven't read the first one, but it's "more of the same" in the best way possible. More BPRD, more frogs, more Roger, more Liz, more Johann, more Abe. It had a little less paranormal investigating and a little more technological type science fiction. Which is fine, honestly. I loved this book. If you're reading this to

find out "I liked Volume 1 but is Volume 2 garbage?" The answer is no. If you liked One, you'll like Two. Buy it now. 0 of 0 people found the following review helpful. AwesomeBy SaltyDoggBPRD volume 1 set up some really incredible character development, taking place in the aftermath of Hellboy leaving the BPRD. Volume 2 capitalizes on the relationships and personal journeys that the former supporting characters of Hellboy have traveled since then. Just overall excellent stories with characters that stand shoulder to shoulder with Hellboy as far as my interest is concerned. 0 of 0 people found the following review helpful. Love it! Read it! By IMHO TepThe Mike Mignola Hellboy Universe is one of the best currently being offered in comics- if you like Monsters and mysteries this is definitely for you. Don't let the lack of superheroes keep you from reading comics that are great and these are. This edition collects several trade paperbacks and offers you a nice package.

In 2001, Hellboy quit the B.P.R.D., leaving Abe Sapien, Liz Sherman, and a bizarre roster of special agents to defend the world from the growing menace of the frog army. While Abe dives deeper into his origins, Liz and the B.P.R.D. fight against two of their greatest villains yet with their newest recruit, Daimio!

About the Author Mike Mignola was born September 16, 1960 in Berkeley, California and grew up in nearby Oakland. His fascination with ghosts and monsters began at an early age and reading Dracula at age 13 introduced him to Victorian literature and folklore from which he has never recovered. In 1993 Mike moved to Dark Horse comics and created Hellboy, a half-demon occult detective who may or may not be the Beast of the Apocalypse. While the first story line Seed of Destruction, was co-written by John Byrne, Mike has continued writing the series himself. There are, at this moment, numerous Hellboy graphic novel collections with more on the way, several spin-off titles (BPRD, Lobster Johnson, Abe Sapien and Witchfinder), three anthologies of prose stories, several novels, two animated films, and two live action films starring Ron Perlman. Hellboy has earned numerous comic industry awards and is published in a great many countries. The author lives in Los Angeles, CA.
