Matthew J. Elliot : Big Trouble in Little China the Illustrated Novel: Big Trouble in Mother Russia before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Trouble in Little China the Illustrated Novel: Big Trouble in Mother Russia:

0 of 0 people found the following review helpful. Fun, could of been better By Thomas Turner It was a fun book, could of been better. They dropped the ball on Wang, Egg and most of all Gracie.. Gracies story was pretty dumb and unbelievable... even after all the crazy stuff that happens, her story was just too far a stretch. They made Jack a little too stupid and didn't capture Wang and Egg at all. They nailed Jack a few times, but lost it at other times. Best i could

say is that it was written by someone who had seen it once or twice and liked it, but hasn't seen it in years and going off of memory of their youth. All that being said, i did enjoy it. I considering myself a super fan of BTILC and look forward to more novels they put out.0 of 0 people found the following review helpful. Great book. WarningBy John LavinGreat book. Warning, this is a novel, not a graphic novel. In no fault of the author or illustrator, this book was marketed in an unclear way. With that out of the way, this book was hilarious. Pure Jack Burton. If you enjoyed the movie, you'll love it.0 of 3 people found the following review helpful. not a comic book!By Peternote to self:

"illustrated novel" does not mean "graphic novel". I stupidly read the description too quickly, thought I was ordering a big trouble in little china hardcover comic book -- after all it's being published by a company known for putting out the comic books..... but no, this is a text novel with an occasional drawing thrown in. The story itself is kind of stupid but of course so was the original movie; the author did capture the spirit / attitude of Jack Burton pretty nicely...

Direct sequel to the film by RiffTrax very own Matthew J. ElliottITS ALL IN THE REFLEXES. Jack Burton from John Carpenters cult-hit film, Big Trouble in Little China returns in Big Trouble in Mother Russia! Jack is back and hes brought some old friendsand a few enemies. Kidnapped and dropped into communist Russia, Jack and his best friend Wang must survive the KGB, the ancient Chinese Wing Kong, and a series of fantastical horrors if they ever want to get home. With the help of Gracie Law and Egg Shen, they will have to unlock a centuries-old mystery that could tear apart the very fabric of reality in order to survive. From writer Matthew J. Elliot (RiffTrax; Doctor Who: Maker of Demons) and illustrator Elena Casagrande (Hulk; X-Files Season 10) Big Trouble in Mother Russia adds a compelling new chapter to the travails of cult hero Jack Burton!
