I'm so glad this series saw the light of day because it's an amazing continuation. So far, it's had three solid volumes and I know that I can always count on these books to not let me down. *Knock on wood*The ending to this particular volume is hysterical and awesome and it's kind of driving me crazy because now I

have to wait to find out how Jack Burton is going to get himself out of this new and impossible situation. Haha!0 of 0 people found the following review helpful. Five StarsBy MelissaLove them0 of 0 people found the following review helpful. Five StarsBy Rex NielsonNice art work!

As if sacrificing himself to end Lo Pan's reign wasn't enough, Jack Burton must now face his greatest challenge yet: the Hell of No Return. Luckily, Jack does have one companion in this eternity of endless torment. The very person he offered to get here, Lo Pan. When arch nemesis becomes forced ally, Hell becomes the least of Jack's problems. From legendary John Carpenter, director of the original classic, Eric Powell (The Goon) and Brian Churilla (The Secret History of D.B. Cooper) comes Jack Burton and the Hell of No Return!
