Fred Van Lente : Big Trouble In Little China Vol. 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Trouble In Little China Vol. 4:

While not the best, I'm in. 0 of 0 people found the following review helpful. Good but not as good as the first 3. By APL*SPOILETS* Jack gets displaced in time and wakes up in 2016. Fun, but not as much as him in the 80s. It got wierd. 0 of 1 people found the following review

helpful. "Jack To The Future..." By Just A Concerned Citizen Still an enjoyable series up to this point, but with the departure of John Carpenter as the writer for this particular volume, I didn't feel the narrative was quite as good as the three previous books. Far from bad, it's simply The Man himself is a tough act to follow (as a lifelong BTILC fan, I'm not certain I could have done as well as the author).

Thrust from 1986 into modern times, Jack Burton faces his strangest adventure yet. His friends are all old and someone sold his truck! With the help of an all-powerful Gracie Law and Wang's excessively snarky daughter, Winona, the hunt is on to reclaim Jack's true love. It's time to bring the Pork-Chop Express back to home! Fred Van Lente (Incredible Hercules; Archer Armstrong) and Joe Eisma (Morning Glories) bring Jack Burton to a world driven by nostalgia, technology, and merchandising. Have ya paid your dues, Jack? Collects issues #13 through 16.
