Duane Swierczynski : Birds of Prey Vol. 2: Your Kiss Might Kill (The New 52) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Birds of Prey Vol. 2: Your Kiss Might Kill (The New 52):

1 of 1 people found the following review helpful. If not for Starling it would be pretty good By joshua burns This vol is a little more exciting than the first I'd say but it seemed a little choppy at times to me. Also Starling's forced alcoholic "humor" made me roll my eyes every time. Not sure if they were trying to emulate Jack Sparrow and his rum with her

and her whiskey but it didn't work for me. The art is still good and there is a huge "oh crap" cliffhanger at the end. If not for Starling it would have been rated higher. 0 of 0 people found the following review helpful. Interesting stories with some great art. By Customer: The stories are good - dealing with mystery warriors wearing invisible suits, taking on the Court Of Owls, a betrayal by a team member and showing us how Black Canary met Starling and Batgirl. However, it's the artwork which had me hooked. Honestly, crime fighting has never looked so darned good! I read this on my 7" kindle fire HD with panel view and had no problem reading it. I recommend this book. 0 of 0 people found the following review helpful. Terrific. By Michael P: Set aside all your preconceptions and get ready for hero story telling at it's best. The art and story hold up the best traditions of even the most picky fan.

A New York Times Bestseller! Black Canary, Starling, Poison Ivy and Batgirl. Together, as Gotham City's covert ops team, they're taking down the villains other heroes can't touch. They are the Birds of Prey. The Birds face a multitude of threats from outside and in! A dangerous new villain threatens to expose Black Canary's dark secret, and the Court of Owls sets its sight on everyone in Gotham for a "Night of the Owls" tie-in. Plus, the girls bring a gravely injured POISON IVY to the Amazon hoping to help rejuvenate her, but they're going to need her help more to stay alive!

About the Author: Duane Swierczynski is the author of several novels including the Edgar-nominated and Anthony Award-winning "Expiration Date," as well as "Fun Games," out now from Mulholland Books. He also writes comics, and thrillers with CSI creator Anthony E. Zuiker. His name is pronounced "sweer-ZIN-ski."
