has one of the biggest cliff hangers yet in the series. It arrived quickly and promptly.

He loves her blood, but does he love her?! Reads R to L (Japanese Style). There is a world of myth and magic that intersects ours, and only a special few can see it. Misao Harada is one such person, and she wants nothing to do with magical realms. She just wants to have a normal high school life and maybe get a boyfriend. But she is the bride of demon prophecy, and her blood grants incredible powers, her flesh immortality. Now the demon realm is fighting over the right to her hand...or her life! Shos death should have meant a return to peace for Misao and Kyo, once they came to terms with their guilt. But instead Misao finds herself displaying strange new powers she cant quite control. Is this just the next stage for her as the Senka Maiden, or is something more sinister going on?
