Honestly after putting one volume down you'll want to go out and buy the next volume, and then read it again.This is the last volume for this series, now don't get me wrong I love this series, but i was left feeling slightly empty handed in this last volume. I say this because I feel like everything was just bunched together for a quick

ending. But I did love it all the same! One thing I really liked even though I felt this last volume was bunched together I like how there was a bit of suspense as you read you keep wondering what happened to this and that (trying not to give anything away anything that would spoil it) but it really gets you going and making you want to jump pages to find out what happens! 3 of 3 people found the following review helpful. My favorite for all time. By kimba200 This is a great series and great writer. I really liked all the books, I liked this story it is great and the characters are all good this romance has too end. Looking forward to the next book hope it's as good as this one I liked that this t just didn't end, and that the glimpses of a future where in sight it was a loving way to go. I can tell the writer loves this series too. 0 of 0 people found the following review helpful. It may sound silly, but as this book was ... By K. Wagner It may sound silly, but as this book was downloading, all I could do was whisper " Please. Please. Please." over and over again until I clicked the READ NOW button. I fought back tears and took a deep breath before I even started reading. All 18 books were worth the time it took to get here. This is the place to come to have your heart broken with a smile.

There is a world of myth and magic that intersects ours, and only a special few can see it. Misao Harada is one such person, and she wants nothing to do with magical realms. She just wants to have a normal high school life and maybe get a boyfriend. But she is the bride of demon prophecy, and her blood grants incredible powers, her flesh immortality. Now the demon realm is fighting over the right to her hand...or her life! Misao's due date is rapidly approaching, and while she knows giving birth to her child means her death, she isn't ready to give up on life. But can she and Kyo discover a way to avert tragedy when countless Senka Maidens before her have suffered the same fate?! It's the heartrending conclusion of this supernatural love story!
