From Brand: DC Comics : Black Canary, The - Archives, Volume 1 (Archive DC Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Canary, The - Archives, Volume 1 (Archive DC Editions):

1 of 1 people found the following review helpful. GREAT GIRL SUPER-HERO ACTION!~By Amrielthese are not maybe the very best comic book stories ever, but are very well drawn and neat for their "vintage" Golden Age appeal! I am very much a fan of female super-heroes and therefore consider this book a "must have" because the original

1940s Flash comic books that these stories originally appeared in as back-up features are very costly to procure (if you could even find them at all!) the stories are cute, but kind of short...the art is in my opinion very very good, with the Black Canary character very well proportioned and costumed. 1 of 1 people found the following review helpful. Good in small doses
By Ed Parlette
Most of the stories in this volume (and I don't believe there is a volume 2) are from the Golden Age. The first couple are Black Canary's appearances with Johnny Thunder, followed by her solo stories. The stories are good old-fashioned Golden Age fun, but quite formulaic. I read them one at a time, with breaks in between, and recommend this as a reading pattern. The last three stories are Silver Age stories with Black Canary teaming up with Starman in the first two, and with Green Arrow in the last one.

Fun!
By Johawn
Early appearances of Black Canary. Fun!

Gently used, well taken care of book. Comes with dust jacket and has no damage.
