continues to be fantastic and Remender is a story telling godBy TrillkrillGiving this 5 stars because that's what it deserves despite the 1 star review someone else gave because of an issue with the shipping/packaging which has nothing to do with the book itself and also I didn't realize if a book was a little bent that it somehow becomes completely unreadable. Seriously though, this series continues to be fantastic and Remender is a story telling god. Don't listen to idiots who don't understand product reviews.

After years adrift in the chaotic Eververse, the McKay family finally reunites in their home dimension. But its far from the happy end they expected.
