Nathan Edmondson : Black Widow Volume 1: The Finely Woven Thread before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Widow Volume 1: The Finely Woven Thread:

17 of 17 people found the following review helpful. Black Widow is dark, very dark. By Jmaynard I've been thrilled that Marvel has so many female-led series in their Marvel Now launch. While not everyone has been worthwhile (hello, Fearless Defenders) some have been stellar, such as Captain Marvel and now Black Widow. Of all the Marvel Now series, I was most looking forward to Black Widow to see how they handled a character that is now well known

to audiences of the MCU, but is also an assassin. Would they try to tone her down for new readers? Happily, no. Edmondson chooses the perfect path atonement. The series follows Natasha as she atones for her past by taking mercenary jobs in order to finance a web of trusts and funds that support her prior victims. She has an attorney, Isaiah, who acts as both accountant and manager arranging jobs and handling the money. The series is very true to the character. Natasha has a particular skill set she uses, whether the job is infiltration, rescue or outright assassination. The action is off the charts and perfectly captured with a minimalist art style. But, she is also painfully alone by her own choice. Having people (or even a pet cat!) in her life that could become targets would be a liability, but not having anyone risks her losing her own humanity. As Natasha takes on new assignments, she begins to see a pattern tied into a mysterious organization called Chaos which sets up an over-arching storyline. Her personal missions start to tie in with SHIELD, which results in a recurring role for Maria Hill. Overall, Volume 1 is an excellent start for Natasha's solo series, and is just as compelling as Hawkeye's solo series. Highly recommended. 4 of 4 people found the following review helpful. Excellent writing and beautiful artwork. By Megan S. A perfect combination of excellent writing and beautiful artwork. Successfully portrayed Black Widow as not only an ass-kicking spy queen, but also as an interesting, developed character with thoughts and motivations that, while not always clear, kept me captivated throughout and definitely interested in reading more. I'm always a fan of strong female characters, but I'm more of a fan of strong female characters being human beings with flaws, fears, or vulnerabilities, and this series had definitely delivered in that regard. The side characters (and creatures!) were also a plus. But also, a review on 's service: The first time I received this, the box had been open on the bottom, and the book inside was wet and warped. While initially disappointed, 's customer service was quick and excellent, and I received a replacement within a week in the mail before I even had a chance to drop off the damaged item. 1 of 1 people found the following review helpful. The art style is very beautiful, to me. By DivaChalice I have fallen down the Marvel rabbit hole, and as a woman, couldn't help but want to read this Black Widow series. We learned a bit about Natasha's backstory in the current MCU movies, but she remains somewhat mysterious. I am looking forward to the rest of the series as her character is further fleshed out. There is quite a bit of foreshadowing in this volume, and I look forward to reading the rest. The art style is very beautiful, to me. Phil Noto has a unique style. The realism and soft color palette coupled with the dark story line violence is very striking. Also, I read this on Kindle. The user interface was very good and intuitive. I suggest trying out the sample if you want to see what it is like before purchasing. I found it very easy to read on my computer, iPad and iPhone 6s.

You've seen Black Widow as an Avenger and even an agent of S.H.I.E.L.D. But on her own time she searches for atonement for her past as a KGB assassin - in ways of which those teams just wouldn't approve. The Black Widow goes undercover in Russia, but from its cold streets, the Hand of God reaches out to crush her...and it is as merciless as its name implies. Outmatched by the brute force of a powerful new villain, Natasha faces her deadliest test, and discovers a deadly plot unfolding that spans the entire globe. From the Marvel Universe's darkest corners, Nathan Edmondson (Who is Jake Ellis?) and Phil Noto (Thunderbolts, X-23) bring you a new series as gorgeous and mysterious as Natasha Romanov herself! COLLECTING: Black Widow 1-6, All-New Marvel Now! Point One

About the Author Nathan Edmondson is an American fiction author whose work includes the titles Olympus, The Light and Who Is Jake Ellis?, all three of which are published by Image Comics. He also contributed to the Image Comics anthology publication Popgun. A native of Augusta, GA, he worked previously in Washington, DC before moving back to Georgia to write. Nathan has written Ultimate Iron Man, Ultimate X-Men and Avengers vs. X-Men: Animal Cruelty for Marvel Comics as well as Adventures of Superman: Infant in Arms for DC Comics.
