**Nathan Edmondson : Black Widow Volume 2: The Tightly Tangled Web** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Black Widow Volume 2: The Tightly Tangled Web:

15 of 15 people found the following review helpful. Even better than the first volume! By nicole kenna This is a great series, every panel is gorgeous and I love the water color style. The artists present Natasha as a distinctive character

and while she is a beautiful woman they make her look shapeless under gear and draw her in action poses that aren't ridiculously erotic. If there's anyone who would object to being drawn like a supermodel contortionist in skintight spandex, it's the Black Widow. Instead there are scenes where she is not at all sexy while brushing her teeth or grimacing from the pain of battle wounds- this is an odd thing to celebrate I know- but when every poster of ScarJo for the Avengers has her looking over her shoulder so you can see sideboob then a nonsexualized depiction of women is very gratifying. In addition the cast for this volume is fantastic. I love James and Natasha together, they are such great companions for each other considering their Cold War back stories and I hope they reunite in future issues. Personally, I plan on buying every issue they plan on making in this series, it's my favorite project Marvel is producing right now. 4 of 4 people found the following review helpful. This is a great series! By Andrew C. Black Widow is still an entertaining read. This volume contains a few missions, some of which are tied to the Chaos organization that was introduced previously. If for some reason you haven't read volume 1 yet, go ahead and buy both volumes. They are really fast-paced and fun. My only complaint is that several other superheroes make appearances, which makes this feel less like a standalone series. True, she's an Avenger, but I particularly like the stories where she's on her own (like what Matt Fraction did in Hawkeye, Vol. 1: My Life as a Weapon). Black Widow is a great character who doesn't need guest appearances to make her stories relevant or fun. 1 of 1 people found the following review helpful. Morally ambiguous heroes By Jmaynard Volume 1 started off strong, but volume 2 takes it up a notch as evident by the cover. I absolutely love the image of Black Widow sitting on The Punisher logo. The inside follows through in a big way by bringing in not only Frank Castle, but Bucky Barnes as well. Three of Marvel's morally murky characters together. Natasha exists in a gray area. This is quickly made apparent in the opening mission by a visit from Daredevil (who practically exemplifies righteousness) who disapproves of her tactics. This sets the tone for the volume as she uses increasingly strong armed methods to get information. Though Natasha is highly skilled, she doesn't have superpowers. The writer doesn't skirt this issue and so when Natasha gets in a little over her head, she doesn't refuse help. First from Winter Soldier and then later from Punisher. The missions get increasingly dangerous, the fights more brutal and the gray areas even murkier. Natasha's loyalty and place in the world is called into question by her teams, and by her. The volume closes on a bang (literally) that sets up the magnitude of Chaos and sets the stage for Last Days.

On a snowy night in Prague, Natasha must fight her way out of disaster alongside the Winter Soldier! Meanwhile, Isaiah has business in London, but a simple plan soon gets very complicated. Then, the Black Widow finds herself fighting against - or alongside? - the Punisher for access to a deadly criminal network. But trapped on an exploding oil rig with Crossbones and his Skull Squad, will Frank and Natasha complete their missions...or take each other out? And because you demanded it: Hawkeye! But how could his fight with the Widow cost Isaiah his life? Finally, in the wake of Wolverine's death, Black Widow bonds with the despondent X-23 over punching and espionage. Nathan Edmondson and Phil Noto continue their run on one of the most acclaimed books of the year! COLLECTING: Black Widow 7-12, Punisher 9
