An Excellent Series of Optional Tie In Stories By clairetoldmetochangemyscreenname The awesome Black Lantern Corps series collects the spin-off tie ins that numerous comics featured during the main event. Again, the key here is that these are tie-in stories and not necessary reading to understand the main Blackest Night event. However, if you want a bit of fun reading that further develops the main story and the numerous characters it effects, this is a great read. In this collection we get to see how the

resurrected dead effect The Flash, the Rogues, the JSA, and Wonder Woman. Specifically, The Flash and his new Blue Lantern ring attempt to save Bart Allen while the Rogues battle their demons in the forms of past members who fell in battle. The JSA arc is surprisingly emotional as Power Girl faces off against Earth 2 Lois Lane and Superman (the pair who essentially raised her as mother and father) while Jesse Quick gets one last race with her father. Finally, the Wonder Woman story arc sees WW battling a resurrected Maxwell Lord (who is both creepy and hysterical as he admonishes WW for snapping his neck) and then we see more about how Wonder Woman is both turned into a Black Lantern and then saved by the Star Sapphire Ring (Max Lord even makes fun of the insanely ridiculous Star Sapphire costume WW gets stuck with). All in all, a terrific series of stories that further fleshes out one of my favorite DC events. 8 of 8 people found the following review helpful. More side stories with some surprising substance

By N. Durham

Like the first Black Lantern Corps hardcover volume, *Blackest Night: Black Lantern Corps Vol. 2* collects three mini-series' that flesh out some more details of the ordeals of some of the big players of *Blackest Night*, as the DC universe gets plunged into hell and the dead rise from their graves. *Blackest Night: The Flash* proves to be surprisingly essential to the core storyline, as *Blackest Night* writer Geoff Johns details Barry Allen's struggle against the Black Lanterns, as well as Barry's role in the event as he attempts to save his grandson Bart "Kid Flash" Allen from a terrible fate. What makes this mini in particular all the more interesting is that during Barry and the heroes ordeal, the Flash rogues have their own to deal with as well as Captain Cold and co. take the fight to the resurrected rogues. The ending of this mini is worth the price of admission alone, even if Scott Kolins' artwork is inconsistent. *Blackest Night: JSA* finds the current Justice Society hunted down by the resurrected original Sandman, Dr. Midnite, Mr. Terrific, Atom, Johnny Quick, and the Earth-2 Superman and Lois Lane to boot. Co-writer James Robinson (teamed here with Tony Bedard) re-teams with penciler Eddy Barrows to pick up on some plot points left found in their *Blackest Night: Superman* mini (found in the Vol. 1 hardcover), and this time around they fare better. The last mini, *Blackest Night: Wonder Woman*, is written by Wonder Woman vet Greg Rucka, and at first finds the legendary heroine taking on the resurrected Maxwell Lord, before finally succumbing to the Black Lanterns and eventually overcoming them thanks to the Star Sapphires. This mini isn't special, but the pencilwork by Nicola Scott is gorgeous enough to recommend on its own. All in all, *Black Lantern Corps Vol. 2* is slightly better and almost more essential than Vol. 1 thanks to the Flash mini alone, but neither is an absolute must-own tie-in to the overall *Blackest Night* saga. Still though, it's a worthwhile endeavor regardless. 2 of 2 people found the following review helpful. Not as good as other titles

By Thomas AW.

I just don't like the way these comics are organized. If you don't read them in order you are lost to what is going on. Otherwise, there are some good parts to this volume but I feel that other volumes are better. However its hard to categorize it because the stories don't seem to follow each other completely and some plot points are ruined if you have not read them in order. Despite that, the artwork is well done and the dialogue as well for the sheer amount of action that is going on.

Writers Geoff Johns, James Robinson and Greg Rucka are joined by artists Scott Kolins, Eddy Barrows and Nicola Scott for this essential **BLACKEST NIGHT** storyline tie-in title that features The Flash, Wonder Woman and the Justice Society of America dealing with their greatest villains and loved ones returning from the dead as evil Black Lanterns. The hardcover edition includes *Blackest Night: Wonder Woman* #'s 1-3, *Blackest Night: JSA* #'s 1-3 and *Blackest Night: Flash* #'s 1-3.
