Yasuhiro Nightow : Blood Blockade Battlefront Volume 5 before purchasing it in order to gage whether or not it would be worth my time, and all praised Blood Blockade Battlefront Volume 5:

3 of 3 people found the following review helpful. Another Winner from NightowBy Milly ThompsonWith every new volume of BBB, I'm really digging this series. This particular book starts out with a really nice sentimental story to begin with and I always find myself with a tear in my eye when Nightow decides he wants to put something heartfelt

in his stories (if you've read Trigun or followed Gungrave, you'll love this series too). I really enjoy the fact that BBB has shorter stories versus a longer series because you get to meet individual characters versus just working with a single character. Plus, there is already an anime in the works for this series, so it'll be a pleasant surprise to see how much of these books will show up in animated form! Be the first to read them before the anime comes out!

From Yasuhiro Nightow, creator of the international sensation Trigun, comes Blood Blockade Battlefront, a megaton manga blast of science-fiction insanity! An escaped Blood Breed brings Libra operative Zap Renfro's former master to New Jerusalem, and Zap must prove his skills to avoid being dragged back to the harsh training grounds of his school. And can Zap find a way to imprison the Blood Breed before it wreaks untold havoc?
