Manga Art is By Ranmaru Kotone Character design and Story By Clamp and Production I.G By lizIm an admirer of CLAMP'S amazing work and I mistakenly thought the manga was from Clamp alone but after seeing and reading through a few pages I knew right away that this is not Clamps work. But i have to say that Kotone made a pretty good manga. In my opinion the manga felt a bit rushed and not enough depth. at the end of the book, clamp congratulates Katone for the work on Blood -C including a illustration of Saya (the main Character) in what i was hoping the manga would have looked. Still a good read and i would recommend

Saya Kisaragi is a kindhearted, if somewhat clumsy, student who trains by day to perform standard religious duties at her father's shrine but she becomes an unstoppable, monster-slaying swordswoman by night! The saga that began in Blood: The Last Vampire and the Blood+ anime series continues here! The world of Blood-C was created by the powerhouse manga team CLAMP in collaboration with Production I.G, the legendary anime studio that produced the original Blood+ episodes and the new Blood-C animated series and feature-length movie! Don't miss the schoolyard foibles, weird creatures, and katana-swinging action in this new manga series by Ranmaru Kotone, based on the hit Blood-C anime and infused with CLAMP's original concepts and characters!
