Viktor Kalvachev, Kosta Yanev, Andrew Osborne : Blue Estate before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Estate:

0 of 0 people found the following review helpful. The art style is unique and honestly at times it is a little 'what is that supposed to be' or 'wow that panel is just underdone'By slippyA noir detective story with plenty of twists and turns and it is written and drawn really well. The art style is unique and honestly at times it is a little 'what is that supposed to be' or 'wow that panel is just underdone' but the whole presentation and cohesiveness of it makes it all flow and looks great together. You could isolate single panels and critique them but the whole book, art, story and all are great.1 of 1

people found the following review helpful. Fun. But lacking that certain something. By J. Kevin Jonas I had originally heard of this book through the Blue Estate video game. I like the art in the game so I bought the book to see the original story. In its own style it put me in mind of the Sin City series by Frank Miller. The art in some places is pretty amazing (especially the chapter start pictures.) The story was at times somewhat predictable, but still fun. To me it seemed to need an extension or more fleshing out. Not unlike the aforementioned Sin City, which would tell different stories that were simultaneously happening in other books, with characters crossing paths. Final assessment. Great art work, fun story, but lacking that certain something to push it over the top. 2 of 2 people found the following review helpful. Underappreciated finely-crafted hilarious detective spoof. By Rich Sheinaus...this NEEDS to be a movie! Seriously, it's a very cleverly-told story with great seedy characters, each of whom deserves their own mini-series...The hardcover has some interesting development work in the back showing that a lot of prep work had gone into the story and character arcs, incl. even a videogame. Great series, with some of the most beautiful covers ever painted.

FINALLY AVAILABLE IN ONE DELUXE EDITION! Catch the entire Eisner-nominated saga, now in a bonus-packed edition. A powerhouse team of Hollywood and comic book veterans (along with special guest artists) presents a fast, funny, 100% cool new series for readers of all stripes. On the mean streets of Los Angeles, an alcoholic hit man and a desperate starlet dodge Russian mobsters, Italian gangsters, ninjas, hippies and the L.A.P.D. in a scheme to steal millions from a psychotic action movie hero.
