Chynna Clugston-Flores : Blue Monday Volume 2: Absolute Beginners before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Monday Volume 2: Absolute Beginners:

0 of 0 people found the following review helpful. 1990s adolescents and their problems continued in this volumeBy PaulAllardWith cartoon-type illustrations, this comic collection deals with adolescents in the 1990s, their problems with relationships, with rivalries, with crushes and Bleu's crush on one of her teachers as well as an unfortunate incident at a party.It's quite fun and reasonably entertaining although would suit the American reader more than others

as there are many references to US culture / high school life. It all gets a bit tiresome unless you are into 1990s pop culture. 0 of 3 people found the following review helpful. It was about as good as it sounds By Lyn G. It was about as good as it sounds. Normally, I love reading teen books, but this one was kind of just the disaster that you think high school will be, until you actually get there. No character development to make the conflict more interesting. No side conflicts or stories or anything, really, to distract from the conflict, which I personally didn't feel was a very good one. And... there wasn't really a resolution, either. At the end, the kid whose name I can't even remember now only gave Bleu a copy of the tape he made. And then showed it on TV. What kind of a person does that? Also, there were little, I suppose I'll call them "side comics", at the bottom of some of the pages, that were really confusing and distracting from the story. Some of them seemed to be making fun of the author, while others featured the characters of the story, hence my confusion. At the end, there was a page telling you who all of the characters are, which is kind of neat, except it was completely useless at the end of the book. So... just not my favorite book. Note: I received this book for free through Goodreads Giveaways.

Teenage warfare between the hormone-crazed girls and boys of Jefferson High erupts! The gang throws a fancy dinner party, but after the boys attempt to videotape Bleu taking a bath, the whole ordeal ends in a social status disaster. To restore her ruined reputation, Bleu agrees to go on a date with Alan in exchange for the evidence. This can't possibly end well, can it? For the first time ever, the entire library of BLUE MONDAY is being printed in glorious FULL-COLOR by superstar colorist JORDIE BELLAIRE!
