Clugston Flores Chynna : Blue Monday Volume 4 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Blue Monday Volume 4:

A generation owes BLUE MONDAY. Its the missing link. KIERON GILLEN (THE WICKED + THE DIVINE) Bleu, Clover, Alan, and Victor begin to experience teenage lust, but not without the interruption of Erin, Jefferson Highs

social meddler of Shakespearean proportions! Bleu finally makes the decision of telling her substitute teacher how she really feels about him, Victor and Clover do the whole will they, wont they thing, and just what the heck is going on with Alan and Erin? From the writer of *Lumberjanes* / *Gotham Academy*, *BLUE MONDAY* is finally in full-color thanks to Eisner-winning superstar JORDIE BELLAIRE. This volume also features a bonus story written by JAMIE S. RICH (*Lady Killer*, *THE DOUBLE LIFE OF MIRANDA TURNER*)!
