It has good art style and an interesting concept but I think you can only take the story so far. If you like violence, boobs, and sexually innuendo then this book is for you.0 of 0 people found the following review helpful. Not bad!By MrJesse357Pros: Good art and great main character! Cons: The minor characters don't

have much personality (everyone is just fodder for Bomb Queen to mock/kill) and the fights are a bit simplistic. Overall it is a good read. 4 of 8 people found the following review helpful. A lot of eye candy, not much of a plot. By A. Hash This book is very light in volume and plot. But you can't expect much more judging by the cover. It is somewhat entertaining and the art is good. It's not something I will keep in my library but I definitely enjoyed it while I was reading it.

But political outsider, Robert Woods, believes the citizens need peace and equality, so he does the unthinkable and brings a hero to town.
