Great short GNBy JC JIM.When this limited series came out, I decided against buying it and instead waited for the collected edition to come out.Best decision ever, as it is such a short story it is worth reading it all at once. Steve Niles does a wonderful job at giving each character enough time for us to get involved with them. I really recommend this story to anyone who wants to take a break from the big 2 stuff.

The story is only 80 pages long, but it is way better than most 200+ pages graphic novels out there. The only negative thing about it comes from and not the book. has really gone down in quality when it comes to packaging books and sending them over to customers. This book is a gorgeous oversized hardcover, but decided to put it in a huge box with a few air bags that do nothing to protect the book. Lo and behold when I got the book it was damaged in several places, the binding was crunched in, as were the cover corners. Just overall horrible packaging. If you want to buy this book, save some money and get it from Instocktrades.com. They really protect your books, something does not do anymore. 0 of 0 people found the following review helpful. I LOVE IT!! By dani loved the mini series. so when it came out as a condensed graphic novel i was ecstatic. this is by far one of if not the best graphic novels i have. its artwork is exceptional. And the idea is so fresh. 1 of 1 people found the following review helpful. A must read! By Scott Baer Beautiful art with a great WW2 story involving the mythical Golem. I passed on this and waited for the hardcover. I chose, wisely. This gem is best read in trade form.

A British plane crashes in a Jewish village, sparking a Nazi invasion. Using clay and mud from the river, the villagers bring to life a giant monster to battle for their freedom and future. Collects the entire miniseries. * 2012 Russ Manning Award nominee Dave Wachter! * From the creator of 30 Days of Night and Criminal Macabre! * Steve Niles's Breath of Bones has been called one of 2013's best series! "Everything Steve Niles touches is magic. Breath of Bones is a wonderful and emotional story." Comic Book Therapy

About the Author Steve Niles was born June 21, 1965. He is an American comic book author and novelist, known for works such as 30 Days of Night, Criminal Macabre, Simon Dark, Mystery Society, and Batman: Gotham County Line. Niles was born in Jackson, New Jersey, and he was raised in the Washington, DC suburbs, developing various creative interests in music, writing, and making amateur films. He is credited among other contemporary writers for bringing horror comics back to prominence. Dave Wachter began making comics when he teamed up with Jim Clark on the series Scar Tissue. Since then he has abandoned his sanity and his day job in favor of the funny books. He worked on various projects for IDW, including That Hellbound Train, Godzilla, Teenage Mutant Ninja Turtles, and Night of 1,000 Wolves. He collaborated with Steve Niles on Breath of Bones: A Tale of the Golem for Dark Horse Comics. In 2012 he was nominated for the Russ Manning Promising Newcomer Award. After Cincinnati, then Chicago, Pittsburgh is now the third city in which Dave hangs his hat.
