Can't wait for more to come!By Leslie S.These are always so beautifully drawn. I can hardly wait for the next one to be published. I love the storyline and all the characters. For me, this ranks up there with Twelve Kingdoms (not a manga but the anime is wonderful, the books are even better).0 of 2 people found the following review helpful. Five StarsBy Kitsune QueenA GREAT read and it arrived in mint condition !

With jealous schemers in both the realm of the gods and on earth working against them, former water god Habaek and his human lover Soah will not only have to struggle to stay together--but to stay alive as well! Korean creator Mi-Kyung Yun's high-stakes celestial drama reaches a turning point, as the desperate lovers must overcome seemingly impossible obstacles to save those they care about the most! Although they've fled to earth, our star-crossed pair also can't avoid becoming entangled in a civil war among the gods, with the current, demented emperor wanting Habaek back and fighting on his side!
