**Geoff Johns, Peter J. Tomasi : Brightest Day Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Brightest Day Vol. 1:

2 of 2 people found the following review helpful. Brightest Day Vol. 1 (Hardcover) ReviewBy Xavier Zavala HerasThis is a pretty book.The dustjacket and pages are top quality. They don't bind with the wind. Glossy and strong. The hardback is white with the White Lantern's logo in gold. Very pretty.The story itself is slow. You don't know what in places is going on. At the end of the book they give you another piece of the puzzle that doesn't really tells you

everything, but keep you interested. I know I did. I was somewhat tired when I reach half the book and there was no explanation of why the White Rings bring some heroes/villains to life. What's Deadman's mission?. But then I remembered "this is just volume 1". Having that in mind, the book is not bad. The end left me wanting for more, and the art is pretty good too. The cover gallery is what I enjoy the most. There's a double spread on the people that came back to life at the end of Blackest Night. All of them in a table and the color entities in the center. VERY cool!!!. I didn't dislike the book, but I guess this will remain to be seen on the following volumes. Hope is good!. 1 of 1 people found the following review helpful. Geoff Johns does a solid follow up. By Dylan Luciano I have to admit that I couldn't wait for Brightest Day after Blackest Night and Geoff John's doesn't fail to deliver. In a very nice nod to 52 this book is an anthology that focuses on about six of the heroes resurrected during Brightest Day but issue #0 shows what all the people are doing since their resurrections. While each of the story-lines here are interesting and making me care for obscure characters like Firestorm and Aquaman I sadly can't say that the art for each of the stories is strong. The art for Aquaman is done by Ivan Reis but the other art ranges from being decent to just painful to look at. Also while each of the story-lines are enticing it suffers from the same problem that 52 does in the fact that because all of the story-lines alternate quickly to where there's not much development in them. But if they were all single stories then they would just be in regular trade paper back form and might not sell well. 1 of 1 people found the following review helpful. Good story!!!! Very good art!!! By Panita Boricua This review is for the Kindle HD version. ===== Visually, it looked very good on the Kindle and I had no problem with it. This is a relative easy-to-read book. There were 2 or 3 times that I had to re-read the same page or maybe, maybe go back a few pages just to understand a little better the story, but I don't regret it. The story is well-placed and the art is very good!!!! Note: You must read 'Blackest Night' first, there is no doubt about it. I also read Vol. #2 (which is better) and I am currently reading Vol. #3. I'll definitely recommend this for reading.

The follow-up to the best selling comics event **BLACKEST NIGHT**, written by Geoff Johns and Peter Tomasi! Once dead, twelve heroes and villains have been resurrected by a white light expelled deep within the center of the earth. Called a miracle by many and a sign of the apocalypse by others, the reasons behind their rebirth remain a mystery. Now, Aquaman, Martian Manhunter, Firestorm, Hawkman, Hawkgirl, Deadman, Jade, Osiris, Hawk, Captain Boomerang and Zoom must discover the mysterious reason behind their return and uncover the secret that binds them all in this first volume of a three part series. This volume includes issues 0-7. From the Hardcover edition.

About the Author Geoff Johns has written Infinite Crisis, 52, Green Lantern, X-Men, The Avengers, Superman, and much more. Peter Tomasi is the writer of The Light Brigade as well as stories for Outsiders and JSA Classified.
