**Mark Crilley : Brody's Ghost, Vol. 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Brody's Ghost, Vol. 2:

0 of 0 people found the following review helpful. Good, but....By NailahMy daughter loves this series!!I, on the other hand, am not so enamoured. The storyline is interesting and Mr. Crilley is obviously a talented artist. However, the story told in each book is paced so quickly; it's over before you really start. There seems to me to be too little substance to each excerpt. (I've attributed this feeling to the fact that I'm old enough to have grown up with comics that offered far more bang for their buck!!) So much so that I wonder why (not seriously! I KNOW why!) there are six volumes rather than two or three.But, my daughter's hooked and (I must admit) so am I. We want to know what

happens in the end... So imagine how annoyed I am to get to Volume 5 only to discover that it's not available for my model of Kindle Fire! I am not a happy camper, Mr. Crilley (or ... or whoever... Can anything be done to fix that?)!!!!Would I recommend the series? Sure, but with reservation....So... the star rating is a combo of my daughter's 5 and my 36 of 6 people found the following review helpful. FlawlessBy TuxedoWerewolfLike the first book in the Brody's Ghost series, it is overall much thinner than Crilley's previous series "Miki Falls". I am very positive that all of the Brody's Ghost books will be at the same thickness from here on out. Volume 2 continues Brody's life where it picked off in the previous book. In Volume 2, you get a little bit more insight at the background for the main characters, Brody and Talia. Mark does not disappoint when it comes to detailed scenery. There are many pages filled with highly detailed city landscapes and such. Every single detail was made with incredible care. Mark should feel very proud of his work; because I am amazed by the amount of work he put into the book. Also like the first book, there are a good amount of action scenes where Brody has to dish out his fists on his enemies, all of which do not disappoint. Every fight scene is well delivered, and highly suspenseful. There is a MASSIVE cliffhanger at the end of this book that will without a doubt want you to read the next book. But I will not reveal the ending in this review. If you want to know what it is, then pick up Brody's Ghost volume 2 in stores or right here on ! This book is flawless in my opinion. All I have to say is: Keep 'em coming, Mark! 0 of 0 people found the following review helpful. Best one yetBy Mr. DThe second volume to "Brody's Ghost" is about a guy named Brody who starts to develop his psychic powers and begin his quest to find a murderer who's killed four women. I think of myself as a harsh critic, so when I give a five out of five rating to something, it's done something to deserve it, at least in my mind. There are a few things I liked a lot more about this book than the first one. First, the story is beginning to develop more and I get the feeling that when a certain thing happens, I KNOW the story will be over (i.e. the murderer being confronted). I like that. I hate it when comics drag you along a story that never seems to end. I hope this doesn't disappoint me in that regard. Another thing I liked are these subtly rewarding moments. I love the fact that this loser turns into a bad ass and gets \*\*\*SPOILER\*\*\* revenge on a group of thugs that almost killed him in the last book. I love how Brody visits his ex-girlfriend all clean looking as if saying "Ha! You thought I'd be nothing! But look at me now!" \*\*\*END SPOILER\*\*\* It's these kind of moments that give the reader something to root for in Crilley's main character. I want Brody to rise from the ashes and become somebody because I think we all want that feeling ourselves. Kudos to Crilley in this area. It's the main reason why I gave it a 5/5 star rating. One thing that bugs me slightly is this strange blend of Japanese and American mixture culture. For the most part everything has a Western kind of feel (American names and such). But then there are things like a Japanese styled hut (I don't know the real name for them) established within the city. Although the blend of cultures is a tad odd, it's easily forgivable/believable due to this being in the future. Anything can happen in the future and in a way, it adds more mystery. The art is still great. No changes from the first book. Lots of pretty/bleak backgrounds. The characters are still good too. We've got the wise mentor who trains the hero rigorously. Then there's Talia who pushes Brody to do what she wants (I still love Talia). And then we've got our hero, Brody, who's still kind of bland in my opinion. I get that he has anger issues, which I like. Faults in the main character are good, but I don't really have a strong idea of who he is other than he's also entirely too obsessed with his ex-girlfriend. I feel like Brody needs to be explored more concerning his positive traits other than he doesn't kill people when he fights them. Sure he's helping to find a murderer, but only because Talia is pushing him to do it. Talia is great because (first off) she's cute, but that doesn't define her. Misleading characters are the best. You get the feeling that she's selfish because she's using Brody, but at the same time you feel like she cares about his well being (almost kind of like a mother). The 2nd book is my favorite so far. Although it's a quick read, it makes up for it in story, art, and characters. The cliff-hanger at the end was a nice touch too. Definitely makes me want to continue to read.

Brody knew that being mixed up with Talia, a dead girl turned ghost, was going to change his life forever. He just didn't realize it was going to involve going head-to-head with one of the most vicious gangs in the whole city. But here he was, giving himself over to the bizarre training methods of Kagemura, an ancient samurai ghost, to transform himself from a flabby slacker to a peak-condition fighter capable of bringing the city's most dangerous criminals to their knees!
