Mark Crilley : Brody's Ghost Volume 6 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Brody's Ghost Volume 6:

2 of 2 people found the following review helpful. Great book. mark!By SuperSeth00Great ending book by the person who inspired me to be a manga artist. This book is a great transition from the cliffhanger twist ending of the last book. Although the books don't hit me as the best in story telling, the art is top notch for a manga. Overall the story is pretty simple, but good. He did a good job in these titles.1 of 1 people found the following review helpful. A gripping, satisfying conclusion to a suspenseful, supernatural murder mysteryBy KarToon12Ever since the first book, I've been hooked on the Brody's Ghost graphic novel series. The stunning, black and white, manga-esque artwork; the complex

characters, and the engaging plot is constantly filled with twists and turns, and each installment of ghost-seer Brody's quest to figure out who killed his ghost friend, Talia, and catch the serial killer before his girlfriend becomes the next victim, builds and builds. With each book, the stakes are heightened, and the cliffhangers are even more nail-biting than the last. In this final installment, Talia helps Brody make a daring escape from police custody, and from there, it becomes a race against time to track down the Penny Murderer and put an end to his killing spree before he kills Brody's ex-girlfriend, Nicole. Will our heroes finally find out who the serial killer is? And will Brody stoop to becoming a murderer as well to exact revenge for Talia's death? There's really not much I can comment on here without spoiling the entire plot. But all I'll say is that I was completely blown away. From the suspenseful chase, to the nail-biting showdown with the killer, to the satisfying ending that wraps up the story, but leaves it open-ended enough that we could possibly get a sequel. And I really hope that at some point in the future, we DO get a sequel. Because it sounds like Brody's training to unlock all his ghost-seer powers has only just begun. Mark Crilley has created a six part masterpiece of art and storytelling. Just pick up the first volume and see for yourself. And now I've got to hunt down his other works! ^^1 of 1 people found the following review helpful. which is good, because ending right after the climax would leave ...By David Van Domelen Mark Crilley's murder mystery involving the active participation of the victim is much more supernatural than Christopher Priest's *Dual* (see that review elsewhere on) and far safer to read in public. :) It also took a LOT longer to write, as Crilley notes in the end notes. Most of the mystery has been worked out at this point, leaving only relatively unimportant details (like the name of the killer) and an extended urban chase scene in the rain. A goodly chunk of this volume is actually denouement, which is good, because ending right after the climax would leave way too many danglers. And they lived (or, you know, remained dead), happily (or surly-ly) ever after. Recommended.

Everything has changed for Brody since teenaged ghost Talia entered his life. Now trained in the supernatural arts, strong in mind and body, and with Talia's murder solved, Brody has mere hours to stop her killer from making his ex-girlfriend Nicole the next victim. Everything Brody has worked for has been building up to this day. But first, he'll have to pull his greatest feat yet--convincing a furious Talia to help him escape from jail! Even if he manages that, the race is on save Nicole before her criminal boyfriend or the police find him!

About the Author Mark Crilley is an American manga creator and children's book author/illustrator. He is the creator of *Miki Falls*, *Akiko*, and *Brody's Ghost*. He is also noted for his instructional videos for drawing on YouTube in various styles, including manga-styles. He was at one point an English teacher in Fukushima, Japan as well as Taiwan. The author lives in Chicago, IL..
