Spike shippers will adore!By annaphishFrom storyline to characterizations, this is so on point. I love following the Scooby SF adventures, and the relationship/drama is nicely balanced with monsters and evil. Spike shippers will adore!1 of 1 people found the following review helpful. Great comics that keep the series goingBy Suzanne LanoueI love these comics; great to have them in book form. I really miss the series still, so it's nice to have the comics to keep the show going.

Buffy needs backup. More backup. With an ultimate Big Bad, Archaeus, connected to so many from the Slayer's past, she's calling in reinforcements--and saying to hell with the awkward consequences: there is a job to be done. But as the Scoobies get closer to Archaeus, the extent of his power and his plans, and their connection to the new rules of magic, are revealed. Buffy is faced with figuring out how to keep her alive friends alive, and her undead friends . . . undead. And Angel returns!
