Joss Whedon, Faith Erin Hicks : Buffy: The High School Years- Freaks Geeks before purchasing it in order to gage whether or not it would be worth my time, and all praised Buffy: The High School Years- Freaks Geeks:

6 of 6 people found the following review helpful. Season 1 greatness is backBy Calvin RamirezBuffy: Freaks and Geeks is amazing! I can finally have some legitimate, canon material to put on my comic shelf that takes place in the early seasons. In the classic Buffy comics, some of the season 1 and 2 issues were a little rusty. With this to fill in the gap, jumping from the Origin series to this to the Cliff Richards issues of season 3 will be even more amazing.Joss

makes a lot of references to other comics like Superman, Batman, etc. in his season 8 comics and now he is taking on another avenue for Buffy: manga-style. From the Hellboy art in the classic comics to the realist art of Cliff Richards, this addition is perfect to represent high-school Buffy. I highly recommend! My niece and I loved it.0 of 0 people found the following review helpful. My First Book of Buffy the Vampire SlayerBy SpikeLoverThis is a short graphic novel suitable for teens or even tweens. Want to introduce your favorite niece or granddaughter to the world of Sunnydale? The art is bright and simple as compared to the "Seasons" graphic novels. There is a morel, but it isn't so in-your-face as to spoil the adventure.0 of 0 people found the following review helpful. Great Plot!By AnchorageThe artwork is a little hit or miss especially when it came to faces and the characters appearances but otherwise this is a great comic and Im not usually into comics-I just love Buffy. The story is the best part! I can totally see this being an episode of BTVS.

Moving to a new school and making new friends will create enough anxiety for any teenage girl. But when you're Buffy Summers, a vampire slayer--the Chosen One (with all that entails)--building a new life can be overwhelming. A group of nerdy vampires, shunned by their cooler brethren, decide to climb the vampire social ladder by taking out the Slayer. They play on Buffy's insecurities, wearing her down until she is full-on distracted by the mental warfare. But in addition to her Watcher, Giles, this Slayer has a couple of new friends, Willow and Xander, to cheer her on . . . except, of course, when they're not getting along.Award-winning author Faith Erin Hicks (The Adventures of Superhero Girl) brings the angst, the action, and the cool to Buffy the Vampire Slayer!

Praise for Buffy the Vampire Slayer from Dark Horse Comics:Dark Horse has brought their A-game talent to this comic, and it shows. An excellent debut that fans should be appropriately ecstatic over." --Comic Book Resources About the AuthorFaith Erin Hicks is a Canadian writer and artist. She worked in the animation industry for several years before transitioning into writing and drawing comics full time in 2008. She started making comics "for fun" and putting them on the web when she was in college. Her first published work was *Zombies Calling* (SLG Publishing) in 2007. Since then, she has published a number of other graphic novels, including *The War at Ellsmere* (SLG), *Brain Camp* (with Susan Kim and Laurence Klavan, First Second Books), *Friends with Boys* (First Second Books), *Nothing Can Possibly Go Wrong* (with Prudence Shen, First Second Books), *The Adventures of Superhero Girl* (Dark Horse Comics), *The Last of Us: American Dreams* (with Neil Druckmann, Dark Horse Comics), and the *Bigfoot Boy* series (with J. Torres, Kids Can Press). She won an Eisner Award in 2014 for *The Adventures of Superhero Girl*.Faith currently lives in Vancouver, BC with her partner, Tim, and their helpful cat. Her current project is *The Nameless City*, a three book series with First Second Books. The first *Nameless City* book will be out in April 2016. The author lives in Vancouver, B.C., Canada.
