I was glad to see Angel and Buffy together, though Angel's presence in the comic was very short. I hope they include him more in future issues. Right now, Buffy doesn't seem to be in any sort of major peril. There's no Big Bad, yet. I don't know how many issues are going to be published, but I hope that there's some major

conflict for Buffy, other than what she usually has to go through: vampires, demons, homework.0 of 0 people found the following review helpful. Graphic Novellas from the buffyverseBy CustomerI like these graphic Novellas from the Buffyverse. The stories are almost like a single episode of the show, and the art (by Yishan Li) suits the story well. I have all three of the stories published in this format so far, very enjoyable.0 of 0 people found the following review helpful. ... these "Season 1" stories added to the mythos is great.By Ryan E. LeMayHaving these "Season 1" stories added to the mythos is great.

Buffy struggles to deal with her mom Joyce's newfound interest in spending time with her. Balancing that with her schoolwork, her friends, and her regular vampire-slaying duties is a challenge. However, when Joyce becomes hypnotized by a child-like demon that craves motherly care, Buffy experiences a new kind of sibling rivalry--except in Buffy's case, her "sibling" is actually a monster!Author Kel McDonald (Misfits of Avalon) and artist Yishan Li return for more high school adventures of Buffy the Vampire Slayer!
