DizaI was super excited to get this because vampires and slayers throughout history has always fascinated me. In the TV series, I loved the episodes with the first slayer and the slayers Spike defeated, and all the episodes that followed Angel, Spike, Drusilla and Darla back in the day. The volume includes many interesting stories, so interesting that I could have probably read

a full length graphic novel on each. They felt cut short as it was, but I guess it's the medium and I have to get used to it. The Volume itself is beautiful and well-crafted. Definitely worth buying for any Buffy/Angel fan!9 of 9 people found the following review helpful. Tales of the Slayers + Tales of the Vampires... more!By JellyI finished reading this yesterday. I bought it right when it came out but was at first confused as to what was included. For those of you wondering, this includes the complete "Tales of the Slayers" as well as "Tales of the Vampires." OH... But there's more! The Slayers section concludes with the one-shot comic book "Broken Bottle of Djinn" the Vampires section ends with the Season 8 comics "The Thrill" "Carpe Noctum." There's also a cover gallery in the back.So if you don't already own "Tales of the Vampires" "Tales of the Slayers," buy this book! Heck, even if you do own them already, get it again! 'Cause this is much better. The pages are blown up so you can better appreciate the artwork, it's hardcover bound so it'll last FOREVER, it has a beautiful dust jacket it even has one of those cloth bookmarks...fancy!Basically, this book is awesome. It even has Angel on the cover. Definitely a deal maker. Stop reading this review and add "Buffy the Vampire Slayer: TALES" to your cart... NOW!If you end up hating this (not gonna happen), you'll have an awesome paperweight.0 of 0 people found the following review helpful. Five StarsBy Lisa BergOne of the tales, "Righteous", I don't think I'll ever forget. These comics are worth reading!

Before Season Eight, Joss Whedon brought generations of Slayers and vampires to comics with the help of his acclaimed TV writing team and some of the best artists to ever grace the comics page. Now all those stories, plus selected stories from Season Eight, are collected in one deluxe collection with a new cover by Jo Chen.Joss writes multiple tales: a somber vamp tale, drawn by Cameron Stewart; the story of the first Slayer, drawn by Leinil Yu; and more.Buffy the Vampire Slayer: Tales also reprints for the first time new Season Eight stories written by novelist Jackie Kessler (Hell's Belles) and awardwinning cartoonist Becky Cloonan (Demo), featuring vampires living in the public eye, killing Slayers and killing each other.* This book collects stories from MySpace Dark Horse Presents #31 and #32; Tales of the Vampires: Carpe Noctem parts 1 and 2; Buffy: Tales of the Vampires oneshot; Buffy the Vampire Slayer: Tales of the Vampires #1#5; Buffy the Vampire Slayer: Tales of the Slayers #1"Broken Bottle of Djinn"; Buffy the Vampire Slayer: Tales of the Slayers TPB.Before Season Eight . . .
