Joe Casey : Butcher Baker The Righteous Maker before purchasing it in order to gage whether or not it would be worth my time, and all praised Butcher Baker The Righteous Maker:

5 of 5 people found the following review helpful. Overkill is UnderratedBy C. LawrenceBefore digging into Butcher Baker I had never read any of Joe Casey's work before, but I was aware of Mike Huddleston's superb artwork and that was the initial draw for me. But once I got to reading it, I couldn't help but like it. These two creators have created an over the top, comic book world that pulls no punches and it's fantastic! Casey creates an interesting story for the

retired super hero, Butcher Baker while Huddleston shows off his artwork prowess by switching styles on the fly. I believe these two really capture many of the key elements that make the comic medium great! (I could go into all of that, but I you don't wanna read a huge essay, you want a review)The production quality is great for this hardcover collection, and its loaded with extras! LOADED! Definitely getting bang for your buck here. You get all 8 issues of Butcher Baker plus a lot of interesting articles on Casey's perspective of the comics industry, why he loves comics, etc. Along with that there are logo design mock ups, sketches, variant covers, and more. The Ultimate Butcher Baker experience is right here.If you want comics done right, you've come to the right place.(Quick warning though, this is a MATURE comic. A strong Mature rating since it has a good bit of nudity, violence, and language)3 of 3 people found the following review helpful. The PenultimateBy CustomerIf you took the contents of comic books as a medium and concentrated it into the densest pill-like form you could. Then ingested that pill with 7 tabs of LSD. You'd get this comic. And you'd love it.4 of 4 people found the following review helpful. Excellent book for people who like their comics over the top and outrageous!By John LittrellI really enjoy Joe Casey and Mike Huddleston on almost all their projects, and this was no exception. Great, over the top story with top notch illustration. The presentation of the hardcover is gorgeous as well, and a ton of extras that don't seem at all like filler. Also, I am serious about there being a lot of extras, as there are multiple galleries, a few articles, and more.

The Superheroic Perversion of the Decade now in an Oversized Edition! At one time, Butcher Baker was the preeminent, All-American superhero. Now hes...getting laid. A lot. But one last mission could signal his return to glory, and now hes back on the blacktop! Its a balls-out, pimp-slappin', surreal super-epic from the twisted minds of Joe Casey and Mike Huddleston, loaded with all-new backmatter material! Collects Butcher Baker, The Righteous Maker #1-8.
