I guess I'll just have to read more of her stories so I get to hear more of her humor. I wish there were five more volumes so I could read what happens after they get married wait that makes me perverted to. Chuckle I so wasn't thinking that really I wasn't. ;-)

pleasure to read about, and he reminds of my own boyfriend's silly and dirty humor. This author is very popular for her romantic comedies, and this is her crowning jewel. You can't miss it. 0 of 0 people found the following review helpful. Aww...By mikoyoukaiKinda sad to see this series end. And I wish that it would have went a littler farther than it did.
