Superb repro quality!By Joakim GunnarssonIf you read this you probably know that Roy Crane is a master storyteller, and you won't be disappointed if you pick up this volume.Now, what about the quality of the reproduction? While the first volume in this series was rather awful (I'm sorry to say) this volume is just perfect! (And I'm pretty hard to please when it comes to reproduction quality.)Trust me, you have never seen Buz Sawyer dailies looking this good before, unless you own the actual proof sheets. Some strips comes from sources that are a little less than perfect, but I can tell that those have been restored with care and love.The question: Is this the ultimate edition of the 1947-48 Buz Sawyer strips?The answer is short: YES! (Buy it!)3 of 3 people found the following review helpful. Geral OpinionBy Joaquim Mario T. TalheIt's a beautiful book.The strips are completed(not cutted in the bottom) and with an amazing quality.One of the best comic strips book I bought.3 of 3 people found the following review helpful. More great stuff from Roy CraneBy Kurt BusiekAdventure, comedy, romance, gorgeous art...as good as the first two volumes were, this one's even better. Can't wait for more.

In the next two years of Roy Cranes adventure strip, pilot Buz Sawyer and his bride embark on high-flying adventures, braving a hurricane in the Caribbean, a typhoon in the South Seas, a serial killer and a dangerous honeymoon in Africa. Buz Sawyer adventurer, bon vivant, and former bachelor cant let a little thing like romance and marriage slow him down. Buz knows that Christy is the only woman for him brave, beautiful, and able to handle herself when the going gets tough, and just the kind of woman Buz needs when the chips are down a lover and a fighter. And indeed, Christy has her mettle tested, because the road to marriage is a rocky one. First, Buz has to survive a hurricane in the Caribbean, a typhoon in the South Seas, and a stone cold killer with a deceptively mild manner and the innocuous-sounding name of Harry Sparrow. As if that werent enough, Buz gets himself caught in a political hurricane when he gets trapped behind the Iron Curtain just as the Cold War heats up. And if you think Buz and Christys African honeymoon is a picnic... think again. All of this is brought vividly and gorgeously to life through Roy Cranes sure-footed writing and stunning storytelling in the classic newspaper strip, a rollicking series of adventures filled with knock-out women, brutal assassins, and extremely bad weather.
