My first review stands for this one as well! Good read interesting storyline for superheros outside the Big 2. Hope Higgins works on more of these stories.

Was hoping to see a more of wraith as in the League.0 of 0 people found the following review helpful. Best Series in Recent MemoryBy CustomerSad to hear this is the last collection! "This series is one of the smartest, sharpest, and most visually stunning currently out there." - BooklistWelcome to the Chicago Organized Workers League- the world's first Super-Hero Labor Union! While C.O.W.L. once stood as a beacon of hope against an epidemic of organized crime and an unbeatable brotherhood of Super-Villains, the union now faces its fiercest foe yet-a disillusioned public. In targeting the last of the great villains, C.O.W.L. attempts to prove its value to the world and to each other, while staving off villainy from both outside and inside its offices.In Volume 2 of this superb series, super villain threats are a problem of the past, but with a strike on his hands, and scandal on the horizon, Geoffrey Warner has taken drastic steps to breathe life back into the Chicago Organized Workers League. But how far will his false-flag operation reach? Is there any line he won't cross for the greater good?
