Genndy Tartakovsky : Cage! before purchasing it in order to gage whether or not it would be worth my time, and all praised Cage!:

0 of 0 people found the following review helpful. Action-Packed and Unique! By Rich D What a fun one-shot! I love the exaggerated, American-style cartoony art and the blackploitation story. And it's jam-packed with action. Great for fans of Tartakovsky, or the (unrelated except for the style) Spunko Studios of "Ren Stimpy" and "Ripping Friends" fame. 0 of 0 people found the following review helpful. Outstanding art, solid story By Toadofsky I'm a big fan of

Genndy Tartakovsky and loves his art style. I had no idea that he did a Luke Cage story and pounced immediately on it. What you get is a story very much in the style of old 70's comics. Much of the dialog is of that decade as well. This a solid one shot story (and given Marvels comic book line these last two years, it's better than most of it that hasn't been rebooted or canceled), so give it a read and you'll love it. 0 of 0 people found the following review helpful. Entertaining and Fun
By Detrich
After watching the "Luke Cage" on Netly I was triggered to pick this up. I read this to my kids for their story time and they love it! The art work is pretty good too!

The award-winning animator behind Dexter's Laboratory, Samurai Jack and Hotel Transylvania brings his visionary talents to Marvel! On the mean streets of Harlem, shoes are big, shirts are large, bottoms are belled and crime is rampant! But in the heart of the city, the world's hardest-working, smack-talking, chain-wearing super hero is on the streets and on the case! And his rates are reasonable! He's Cage! Dig it! But what happens when he's out of his element, trapped in a jungle a thousand miles from home, and hunted by savage beasts that walk like men?
COLLECTING: CAGE! 1-4
