Stan Lee : Captain America Epic Collection: Bucky Reborn (Epic Collection: Captain America) before purchasing it in order to gage whether or not it would be worth my time, and all praised Captain America Epic Collection: Bucky Reborn (Epic Collection: Captain America):

4 of 4 people found the following review helpful. Another excellent collectionBy A FanAnother excellent collection of

late Silver Age Captain America comics. This edition starts with 1969's issue 120 and runs through 1971's number 138. It also includes the cover of Captain America King Size Annual number 1, which was a reprint issue and is one of my all time favorite covers. These stories feature several classic characters such as the Falcon, Nick Fury, Sharon Carter, the Scorpion, MODOK, the Mandarin, the Red Skull, Baron Strucker, Spider-Man and the "return" of Bucky Barnes. The stories and artwork are very good for the period. During this time, Marvel was trying to make their comics more socially relevant with stories about college unrest, having Captain America go to Viet Nam and including more minority characters. The only thing that is a little odd about this edition is the cover. While it is titled "Bucky Reborn" the cover is a version of issue 126, "The Falcon Returns"; a version of issue 132, with Bucky on it might have been more appropriate (makes me wonder if they were going to title it "The Falcon Returns" but changed it). But that is a minor nit-pick and does not detract from the book. Marvel's Epic Collections are quality paperback books presenting the original comics in color (unlike Marvel's Essential line which are black white) and are more affordable alternatives to their Omnibus and Masterworks collections. If you are a Captain America fan, you should enjoy this collection.

Draped in the red, white and blue, there's no character in all of comics who represents America like Cap - and his path through the tumultuous '70s reveals both the character's, and the nation's, soul. In story after story Stan Lee and Gene Colan push the envelope as Cap goes behind enemy lines in Vietnam, teams with the Falcon to oppose the radical Diamond Heads, and sets out on a coast-to-coast road trip full of motorcycle gangs, rock festivals and the Red Skull! Then, Bucky Barnes returns from the grave! But with Baron Strucker, Doctor Doom and M.O.D.O.K. tied up in his revival, this can't be the same pal that Cap remembers. What's really going on here? Plus: an unforgettable Captain America/Falcon/Spider-Man team-up! COLLECTING: VOL. 3; CAPTAIN AMERICA (1968) 120-138
