Stan Lee : Captain America Epic Collection: The Coming of The Falcon (Epic Collection: Captain America) before purchasing it in order to gage whether or not it would be worth my time, and all praised Captain America Epic Collection: The Coming of The Falcon (Epic Collection: Captain America):

2 of 4 people found the following review helpful. Great stuff!By Gregg WeaverGreat time reminiscing with these iconic stories from my childhood. The artwork is awesome.1 of 1 people found the following review helpful. Great stuff but very little of The Falcon.By Sheik YerboutiThis is a massive collection of silver age Captain America stories starting with the last few issues of Tales of Suspense and running through the early issues of his own title. I bought the Kindle / Comixology version and I highly recommend it if you're a fan of this era. I only have one little complaint and it is more about how the collection is being sold than the actual content. The vast majority of these issues were drawn by Jack Kirby and there's nothing wrong with that at all. Jim Steranko's brief run on Captain America is also included. But the collection is titled 'The Coming of the Falcon' and that occurs at the very end of the collection when Gene Colan took over the art duties. Gene Colan is one of my favorite comic book artists and I was hoping this collection would contain more of his work on the title. So what you're getting here really represents the classic Stan Lee / Jack Kirby Cap of the late 60's, not the Stan Lee / Gene Colan Cap Falcon stories of the early 70's. Oh well, I'm sure we will get future Epic Collections to showcase that period.3 of 5 people found the following review helpful. Better than the originalBy CachorroJack kirby is the king. Stan lee delivers. All in color. Better than the original.

Baron Zemo, the man who sent Captain America and Bucky Barnes plunging to the bottom of the North Atlantic, returns to menace Cap in a saga guest-starring Nick Fury, the Black Panther and Sharon Carter. Then, the Red Skull forces our hero to do his bidding or risk America's nuclear annihilation! There's Kirby action at its best with Batroc the Leaper and the Trapster and Lee drama at its deepest as Cap relives his first meeting with Bucky! It gets even more exciting when the world believes Steve Rogers is dead. An encounter with the Red Skull and his Cosmic Cube causes the two to switch bodies!COLLECTING: Vol. 2; Tales of Suspense (1959) 97-99; Captain America (1968) 100-119; material from Not Brand Echh (1967) 3, 12
