Reintroducing a LegendBy A FanThis collects the first Silver Age stories of the rediscovered Captain America from the Tales of Suspense and Captain America comics. These stories reintroduced the long dormant Captain America to the Marvel Universe. The writing and art work is top of the line for the 1960s and established Captain America as one of Marvel's franchise characters. It features the work of his co-

creator, the legendary Jack Kirby. This collection is a must for any Captain America fan or fan of Silver Age comics. 0 of 0 people found the following review helpful.
