as the artwork, are just enthralling. I had the original issues (long lost) and was happy to read them again. This also includes one of the greatest graphic novels ever (and Marvel's first) The Death of Captain Marvel - so far the only superhero (sadly) to stay dead. A great read. 2 of 2 people found the following review helpful. Good ol' school reading! By Gimpdaddy1 A true classic! Captain Marvel was always one of my favorites! It took me back to my childhood! It's a shame he had to be killed off like that! 2 of 2 people found the following review helpful. The TRUE Captain Marvel By William Farrand Mar-Vell was my favorite Marvel superhero as a kid and even though I have the original comics, it is nice to get the compilation of the complete Jim Starlin created saga.

The ultimate collection of the creator that defined Captain Marvel! Under the aegis of writer/artist Jim Starlin Captain Marvel evolved into one of comics' most influential titles. Starlin stripped the Kree Captain to his core and then resurrected him as a truly cosmic hero. This may have been Starlin's first super-hero saga, but it introduced some of his signature characters: Mar-Vell's nemesis Thanos and the Guardians of the Galaxy's Drax make their first appearances and they continue to define the Marvel Universe today.
