Michele Fazekas, Tara Butters, Ruth Gage, Christos Gage : Captain Marvel Vol. 2: Civil War II before purchasing it in order to gage whether or not it would be worth my time, and all praised Captain Marvel Vol. 2: Civil War II:

1 of 1 people found the following review helpful. Great companion piece to Civil War II.By SpideyThe Good: I thought this was a good companion piece to Civil War II. Unlike the miniseries which just portrays Carol as a stone cold b**ch, you get to see Carol's side of things. She's actually doing more than just blindly trusting Ulysses visions

and is aware of the quagmire she's headed to. If this side of Carol had shown up more in Civil War II, it would have been a much better book where you didn't know which side to fall on. Instead it was slanted towards Iron Man from the beginning. The Bad: The Master of the World has always been a cheesy villain and that hasn't changed here. The Ugly: I've never been a fan of Kris Anka's art and that opinion hasn't changed with this volume. 0 of 0 people found the following review helpful. Do you even Carol Corps Dude? By Zachary T After the Fantastic First outing as Captain Marvel (AKA Carol Danvers) wherein she became the leader of Alpha Flight Earth's First Defense against non cosmic extraterrestrial threats, we join her just as the events of Civil War 2 start. Now I have not been 100% keeping up with the Civil War 2 saga so this is one of my first forays in to the story. Carol, after being tipped off by an Inhuman who can see the future, is involved with taking down the Mad God Titan who kills someone close to Carol. The rest of the trade involves Captain Marvel using the abilities of this Inhuman to predict and be their for future disasters and Crimes, many times stopping them before they occur. What follows is a storyline where Captain Marvel must walk the fine line of handling these events and dealing with many ethical questions, ie can you arrest and prosecute someone for a crime they haven't committed. The story handles the issues well and any excuse to see more of Puck is welcome. Thanks for Reading True Believers. hey I need to do that at least once in these reviews. 0 of 0 people found the following review helpful. Three Stars By FenrixNeeds more Chewie. And DeConnick.

Old friends face off as bitter enemies in an event that will change Captain Marvel's life forever! As a new Civil War erupts, Carol Danvers finds herself at the very forefront of the conflict. But when tragedy hits too close to home, how far will she go to fight for what she believes in? As the rift with Iron Man grows ever deeper, Carol and the Alpha Flight recruit more to their cause: changing the future to protect the present. As wins mount up on Carol's side, she knows her mission is the right one - the only trouble is, not everyone agrees. Carol Danvers truly is one of Earth's Mightiest Heroes, and this is the story that proves it. It's Captain Marvel at her finest, in the fight of her life!

COLLECTING: CAPTAIN MARVEL 6-10
