Kelly Sue Deconnick : Captain Marvel Volume 2: Stay Fly before purchasing it in order to gage whether or not it would be worth my time, and all praised Captain Marvel Volume 2: Stay Fly:

0 of 0 people found the following review helpful. Fun on three different storiesBy GibbyOne thing I love about Marvel is its sense of humor. The past volume of Captain Marvel took an existential approach while she saved a planet of refugees from pretty much a genocide. Now they're keeping it light, but still good. Need a laugh while you follow Carol Danvers's adventures? You've come to the right place.0 of 0 people found the following review helpful.

Superhero SantaBy WatermarkI chose 5 for the good writing by Kelly DeConnick. I thought the art was good and I chose this comic to prepare to know a bit more about Captain Marvel.0 of 0 people found the following review helpful. Great stories, great artBy Shannon M. BaldwinCan't get enough Captain Marvel. For someone who was hesitant at first to try a new series, this one is A+++.

Carol's bombastic adventure through space with her pet cat, Chewie, continues! But when they have an unexpected alien visitor, Carol learns that something Rocket Raccoon said to her was right: there's more to Chewie than meets the eye! Chewie is a Mom...to hundreds! Where was she hiding all those Flerken eggs, and is this the end for Carol and her pet? Marcio Takara, the incomparable artist on *Incorruptible*, joins the Carol Corps - as the newest Captain Marvel learns that in space, no one can hear you MEOWWWHISSSS! COLLECTING: CAPTAIN MARVEL 7-12

From School Library JournalGr 7 UpMarvel's marvelous ladies grow all the more impressive as their creators delve deeper into their lives. It's life, love, and Loki in the third volume of "Ms. Marvel," starting with a Valentine's issue that brings the god of mischief to Kamala's school. Following this fun diversion is the main event. Up until this point, Kamala, the self-described "nerdy Pakistani-American-slash-inhuman," has defeated a number of baddies, but love, that's a whole new level. The dashing Kamran seems perfectly compatible. However, when he tries to "recruit" Kamala to an inhuman supremacist faction, she knows where her loyalties lie. This volume's mixture of the heroic and the slice-of-life addresses issues relevant to teens, fighting the good fight in many ways. "Captain Marvel," on the other hand, has more adult problems. She continues her space road trip of self-discovery with the girls, fending off attacks, attending a wedding, and even teaming up with Rocket Raccoon. After the first volume's serious subject matter, DeConnick mixes things up, delivering an absurdly funny story about Chewie, Carol's cat who is not a cat, and some other witty vignettes, including an exciting Christmas episode. While Ms. Marvel's graphic novel-inspired art will easily bring in new teen readers, Captain Marvel's upgraded traditional look targets both young adults and older fans alike. VERDICT Both series have teams who show strong written and visual direction for their modern and female-oriented vision of superheroes. Must-buys. Rachel Forbes, formerly of Oakville Public Library, Ontario, Canada
