Paul Gardner, Hoang Nguyen : Carbon Grey Omnibus Collection before purchasing it in order to gauge whether or not it would be worth my time, and all praised Carbon Grey Omnibus Collection:

4 of 4 people found the following review helpful. Fantasy tale about a group of warrior sisters By PaulAllard With plenty of blood, violence and some sex, this story tells of the Grey sisters, children of Mitteleuropa's greatest hero, Gottfaust, warriors who fight without mercy for their ruler and then for what they consider to be right. There's a lot of flashbacks and jumping from one scene to another which leads to some confusion. Lyrically written and beautifully

illustrated, this is a fascinating collection even if the story is hard to follow. A lot of white lettering on a black background is hard to read in the digital edition.

"LEGEND OF THE GREYS" The Sisters Grey are warriors, sworn to protect their Kaiser. But as a great war rages, the Kaiser is found dead, and one sister Giselle Grey is accused of his murder. Pursued by enemies, Giselle must unravel the prophecy of the Carbon Grey before history itself unravels. This collection includes all three volumes of the epic saga, stories from CARBON GREY: ORIGINS, and a new ten-page prologue.
