Matt Fraction, Michael Chabon : Casanova: Acedia Volume 1 (Casanova Acedia Tp) before purchasing it in order to gage whether or not it would be worth my time, and all praised Casanova: Acedia Volume 1 (Casanova Acedia Tp):

Read the preceding volumes.By Wayne A McCoy'Casanova: Acedia Vol. 1' by Matt Fraction with a backup story by Michael Chabon and art by Fabio Moon and Gabriel Ba is a gorgeous looking graphic novel. I was a bit lost for a good part of it, and I

didn't realize that this character has been around before. Quentin Cassaday (aka Casanova Quinn) wakes up with no memory of who he seems to be. He works for an interesting guy, and has a cool chauffers hat. That's about all he knows. He soon finds out that someone is trying to kill him, and that strange occult symbols are showing up everywhere. This leads Quentin to a street magician who may know about what is going on. Things go from weird to weirder. The backup feature 'The Metanauts' fits in, but the whole thing left me a bit off-balance. This is probably because I haven't read the first two volumes in the series. The proposed series will have volumes named after the seven deadly sins. Acedia is Latin for sloth. Perhaps if I'd looked that up before reading it, the story might have made a bit more sense. Nonetheless, there is something good happening here, including some knockout art. Just do yourself a favor and start from the beginning. I received a review copy of this graphic novel from Diamond Book Distributors, Image Comics, and NetGalley in exchange for an honest review. Thank you for allowing me to review this graphic novel.

A rock and roll Mick Jagger -esque lead character who is an interdimensional 1960s undercover spy. Lots of sex and rock and roll, but not overtly drawn. The art and story comes from my favorite assemblage of talent Matt Fraction, Gabriel Ba, Fabio Moon, and literary star Michael Chabon. Hip language and dialogue. It helps to start from the original series Casanova: Luxuria. It's complex and can be a dense read, but so sexy and fun and rock and roll.

A tale of two amnesiacs By Paul Allard Quentin Cassaday aka Casanova Quinn works for Amiel Boutique, another man whose has lost the memory of his past. Strange people called Fabula have the answers as does Sasa Lisi who may be Amiel's daughter. There seems to be a large amount of organisations with acronyms: N.E.T.W.O.R.K, E.M.P.I.R.E., A.C.A.D.E.M.Y., etc., the majority of which appear in the comic-within-a-comic, the Metanauts. Quite confusing in places (especially with unexplained flashbacks), it is quite engaging; some sex and violence. I prefer my comics more straight-forward

Casanova Quinn, interdimensional superspy and assassin, has crashlanded here on Earth on OUR Earth with absolutely no memory of who he is or the things he's done. He works for a man with just as mysterious a past as his own and has found the New Normal of his life under the name "Quentin Cassaday." That's when the end of the world begins. With nine days to a supposed apocalypse, Los Angeles simmers in fear as a weird cult readies itself for what comes next...and what comes next runs straight through Casanova Quinn. By Eisner-award winning writer Matt Fraction (Sex Criminals, ODY-C) with art by international superstar Fabio Moon (Two Brothers, Daytripper), this volume also features exclusive back-up stories written by Pulitzer Prize-winning novelist Michael Chabon and drawn by Casanova co-creator Gabriel B (The Umbrella Academy) that tells the story of the women tasked with hunting Casanova Quinn down across space and time. Collects issues #1-4.
