Sharon B. Buchbinder, Nancy H. Shanks, Dale Buchbinder : Cases In Health Care Management before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases In Health Care Management:

0 of 0 people found the following review helpful. Gives useful real and fictional scenarios which make you thinkBy Patti West-TrubyGives useful real and fictional scenarios which make you think! The only thing I did not like was no insight is offered and one must comment on their own merits.2 of 2 people found the following review helpful. InterestingBy Korey HigaThis book is interesting to look at healthcare in and management setting. It allows the

readers to open their minds further into what goes down in the upper levels of healthcare. It gives clarity to the readers that have the common perceptions of media healthcare. 0 of 0 people found the following review helpful. Five Stars By cowenmom Good book

From the authors of the bestselling *Introduction to Health Care Management* comes this compendium of 101 case studies that illustrate the challenges related to managing the healthcare services. Segmented by topic and setting, these cases span the full spectrum of issues that can arise in a variety of health care services settings. With a writing style that is lively and engaging, undergraduates in healthcare management, nursing, public administration, public health, gerontology, and allied health programs will find themselves absorbed in stories that bring to life the common issues encountered by healthcare managers every day. In addition, students in graduate programs will find the materials theory-based and thought provoking examples of real world scenarios. This book offers: 101 cutting-edge cases written by experts in the field Identification of primary and secondary settings for cases Discussion questions for each case Additional resources for students with each case Teaching/learning methods such as role play

"This book has applicability to a wide array of disciplines and should be a staple in any program's book list." Peter Fitzpatrick, Ed.D., R.Ph., Chair/Professor Health Care Management, Clayton State University
