Richard Castle, Brian Michael Bendis, Kelly Sue DeConnick : Castle: Richard Castle's Deadly Storm before purchasing it in order to gage whether or not it would be worth my time, and all praised Castle: Richard Castle's Deadly Storm:

0 of 0 people found the following review helpful. cheesy but awesomeBy Pamela ChismarI was a huge Castle fan. Even more so a fan of Nathan Fillion. So when the Richard Castle books came out, I was so excited.Deadly Storm is our introduction to PI Derrick Storm. He is very much like the Castle character on the TV show. Smart, creative,

impulsive, charming, and a bit of an idiot. He gets himself caught up in a case which brings him in touch with CIA operative Clara Strike. Their partnership in this adventure is comical. I'm not into comic books, which is why this got 4 stars instead of 5. But I enjoyed the story. I laughed many times over the stupid things Storm said. A lot of the dialog is cheesy, but still awesome. I look forward to reading the next installment. 0 of 0 people found the following review helpful. Get Swept Up in the Deadly Storm By dann michalski From Marvel and ABC comes the television tie-in comic Castle: Richard Castles Deadly Storm, an exciting spy thriller. Based on the fictitious book Deadly Storm by the shows lead character, this graphic novel adaptation tells the origin story of private eye turned CIA operative Derrick Storm as he's recruited by the CIA to find an agent that's gone missing. The story is very Castle-ish, with many of the same kinds of characters and a similar plot structure to that of the television show. It also has a quirky, lighthearted sense of humor and a meta quality to its presentation. Additionally, the artwork is really good, capturing the grittiness and action especially well. Living up to everything that the show made it out to be, Castle: Richard Castles Deadly Storm is a riveting adventure. 0 of 0 people found the following review helpful. Three Stars By John M Kovacs Not what I expected but a funny read.

Castle's hero, Derrick Storm, comes to life in the pages of this all-new graphic novel! This "adaptation" of Derrick Storm's first novel takes our hero from the gritty world of the private eye all the way to the globe-hopping intrigue of the CIA. Eisner Award-winning Marvel writer Brian Michael Bendis and red-hot Osborn writer Kelly Sue DeConnick worked closely with Castle creator Andrew Marlowe to create the one thing millions of Castle fans have been asking for: their first real Derrick Storm adventure - a wall-to-wall, gritty, witty, globe-hopping detective thrill ride for fans of the hit TV show starring Nathan Fillion and Stana Katic, as well as fans of damn good comic books.
