John Layman : CHEW Omnivore Edition, Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised CHEW Omnivore Edition, Vol. 2:

0 of 0 people found the following review helpful. Mind Blowing Fun Around Every CornerBy Nolan P. SmithChew is not your everyday comic book: it's about a guy who can get psychic impressions off of what he eats...sounds cool? You bet it is.Now, with this being the second Omnivore edition, I will skip the overview and jump right into the book. With this massive second volume, we get surprises at every turn, enough to throw off even the most diligent of readers. That's one of the reasons why it's awesome. Layman crafts some amazing stories here: butt kicking masked

chickens, aliens, and some of the strangest things that poor Agent Chu has ever taken a bite of. Guillroy provides the artwork, and brings more of the in your face action that we have come to love from Chew. What's great? The story, the artwork, and the key character development found here. What's not? The only downside is that the book eventually had to end...cannot wait for the third Omnivore edition!

By Customer
Chew is so amazing, The ideas are so unique, The story line is wonderful and an underlining great sense of humour. So creative through out the books and I love the art too, Im just a huge fan!! I bought all the omnivores edition's, I had to know what was next. I would highly recommend all of them, I love that I have the collection.

By Fitz Roy
When I 1st heard of CHEW I thought, good concept. Then skip buying or reading it. They reprinted the 1st issue like 4 times and I still didn't get it. BIG MISTAKE!! When the TASTER CHOICE TPB came out I decided to get it. Best damn comic EVER. It was funny, good art story, totally original, had a love story, conflict mystery and action! I was instantly hooked and pissed I didn't read it sooner! Start collected the TPB but now I'm glad they have these omnivores edition to get instead, since it'll last longer.

Tony Chu is a detective with a secret. A weird secret. Tony Chu is cibopathic, which means he gets psychic impressions from whatever he eats. It also means he's a hell of a detective as long as he doesn't mind nibbling on the corpse of a murder victim to figure out whodunit and why. He's been brought on by the Special Crimes Division of the FDA, the most powerful law enforcement agency on the planet, to investigate their strangest, sickest, and most bizarre cases.
