**John Layman : Chew Volume 10: Blood Puddin'** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chew Volume 10: Blood Puddin':

0 of 0 people found the following review helpful. You earned it, guys.By Steven BarrieI didn't think Layman and Guillory could earn what they did in volume nine, but CHEW volume ten cdoes. I'm still not happy about it, but we can't be happy about everything in life, right? And the resolution of such a big story arc requires an equally big sacrifice. I can't believe I only have two volumes left. That's the real tragedy here.0 of 0 people found the following

review helpful. Love it. By Andy Hill I love the writing in this series and it is almost over, at least according to the writer (60 issues total, this gets you up to issue 50 if you have the other books). They always leave these off on cliffhangers and I want the next one to come out!!! 0 of 0 people found the following review helpful. Another Great Chew! By Ali Camp Chew has been one of my favorites for a while. the writing is most comical to the point of being ridiculous but never gets stupid. and nothing is Gratuitous or indecent. Best of all, you could conceivably leave or pick up this book at anytime and be content. You wouldn't be lost And you'd have enough story to be satisfied but you wouldn't be because the writing is that good.

CAN TONY STOP HIS MOST DANGEROUS ENEMY? Presenting a new storyline of the New York Times Best Selling, Harvey- and multiple Eisner Award-winning series about cops, crooks, cooks, cannibals, and clairvoyants. Collects CHEW #46-50
