**John Layman : Chew Volume 12** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chew Volume 12:

1 of 1 people found the following review helpful. Satisfying to the last biteBy Steven BarrieCHEW is not a series that is shy about killing characters, and volume twelve is no exception. I very much liked this series - it was fun to read and wonderful to look at. Throughout the series, we see Tony surrounded by people who are able to see right vs. wrong as more than just following the letter of the law. They bring complexity to his life and sacrifice of themselves to keep

Tony in check and nudge him into doing the right thing when he can't come to terms with it. I need time to digest this story (ha!) to figure out whether Tony's final actions are a warning of the disastrous results of a life led in solitary anger or an example of the reconciling when truth and justice are on the opposite side of official policy and the cost is too high a price to pay. In any case, I'm glad I read CHEW and I look forward to whatever Layman and Guillory dish up next. 0 of 0 people found the following review helpful. This is a great series, and it sticks the landing. By Alan Andrews Just adding support for how this series ends. It keeps in line with the theme and feel that has been throughout this book, and wraps up the story in a satisfying way. This is a great series, and it sticks the landing. 0 of 0 people found the following review helpful. Five Stars By Satan Arrived in great condition!

The final story arc of Tony Chu, the cibopathic federal agent with the ability to get psychic impressions from what he eats. Mysteries are solved, secrets are revealed and lives are lost. Many, many lives. This is the end of the line for the New York Times Best Selling, Harvey and multiple Eisner Award-winner series about cops, crooks, cooks, cannibals, and clairvoyants. Collects issues 55-60 plus the smash-hit spin-off one-shot: CHEW: DEMON CHICKEN POYO.
