**John Layman : Chew Volume 2: International Flavor** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chew Volume 2: International Flavor:

1 of 1 people found the following review helpful. and it's pretty funny. I didn't like this volume as much ...By Josh MathenyThis is comedy series, in my opinion. Not action, not adventure, it uses crime solving as a plot device more than an actual plot. It's comedy, and it's pretty funny. I didn't like this volume as much as the first, but it was still pretty good. I was confused a few times, like "Why are the characters here, why is this happening, why does the character

think this is important..." but they're probably setting up for later volumes so I understand that much at least. It didn't hurt the story. I genuinely enjoyed it. Definitely picking up volume three. The books are cheap, and fun. If you're looking for some lighthearted fare, check out Chew from Image Comics. 0 of 0 people found the following review helpful. On edge waiting to see the dots all connect... By Jessi We continue to follow Tony, but this time we head into international waters. He had followed clues to this little island and is determined to solve the mystery of the Gallsberry. Which hes told is fruit that tastes like chicken when cooked and appeared sometime after the chicken prohibition. As hes gathering intel he begins to notice that theres something much bigger going on. Its bigger than Tony ever expected and he cant turn away now. Especially when the evidence is all starting to link to cases in the previous volume Tonys old partner reappears, his brother is tangled in the mess yet again, and he finally gets to save the girl! 0 of 0 people found the following review helpful. Seconds? Yes, please. By Steven Barrie The second volume of CHEW is as delightful as the first. It's impossible to do anything but marvel at the creativity John Layman and Rob Guillory bring to the series. The writing keeps me engaged and every panel is a visual treat. I can't wait to scoop up a heaping helping of volume three next.

Tony Chu, the cibopathic federal agent with the ability to get psychic impressions from the things he eats, is on a bizarre new case. A newly discovered fruit takes Agent Chu to a remote island full of secrets, Presenting the second storyline of IGN.com's pick for Best Indie Series of 2009 and MTV Splash Page.com's pick for Best New Series of 2009. Find out what the fuss is about in this latest a twisted and darkly funny comic about cops, crooks, cooks, cannibals and clairvoyants. strangeness-and a shadowy killer with a particularly sinister appetite.
