I'm nearing the end of the series, and Layman and Guillory are not letting up. I don't know how after reading what I just read I can do anything but immediately start the next volume.0 of 0 people found the following review helpful. My favorite comic book right nowBy Camrun501Always a great read, great story every issue. Chew keeps it quirky and fun the whole way through the story.

Tony Chu, the cibopathic federal agent with the ability to get psychic impressions from what he eats, has been busy busy settling into married life, and busy investigating one assignment after another that takes him to the most remote corners of the planet. Meanwhile, the people closest to Tony are conspiring to take on the brutal killer who murdered Tonys twin sister. And this conspiracy includes Tonys partner, his arch enemy and his teenage daughter! Presenting a new storyline of the New York Times Best Selling, Harvey and multiple Eisner Award-winning series about cops, crooks, cooks, cannibals, and clairvoyants.
